

The logo for Make Music Day UK is written in a casual, hand-drawn style. 'MAKE MUSIC' is in orange, 'DAY' is in orange, and 'UK' is in blue. A thick yellow curved line is drawn underneath the text.

MAKE MUSIC  
DAY UK

## Make Music Day UK

### Logo usage

Thanks for downloading the logo pack from our resources section. We would like to provide some guidance for how these logos should be utilised:

- You can use either the square or landscape Make Music Day UK logo, depending on the suitability for your layout or design
- Try to leave a decent amount of clear space around all edges of the logo
- Do not stretch or squash logos – keep them in their original aspect ratio
- You can find monochrome versions of the Make Music Day UK logo which should be used if you are only able to print in black and white
- The *Fête de la Musique* logo should be used for international events and in addition to the Make Music Day UK logo
- We have also included our partner organisation logos, if you use these you will need to use all of them together, not just one or two!

Feel free to contact [info@makemusicday.co.uk](mailto:info@makemusicday.co.uk) if you need anything not included in this pack.
